Education
<p>PhD in Innovation management studies. 2009 – 2015 Center for Research in Innovation Management- CENTRIM, University of Brighton, UK PhD thesis: The learning dynamics of external–internal knowledge and exploitation– exploration: the case of SMEs’ learning-capacity building.</p> <p>MsC in Industry and innovation analysis. 2007 – 2008 Science and Policy Research Unit- SPRU, University of Sussex, UK MsC thesis: Institutional involvement in the development of localized biotechnology-based industries: The case of the biotechnology based- industry in Cambridgeshire, United Kingdom.</p> <p>BsC Business Management. 1996- 2000 Pontificia Universidad Javeriana, Cali, Colombia BsC thesis: Basis for the Development of the Isabella grapes Cluster of Valle del Cauca.</p>

Work affiliation
<p>2020. Senior lecture – Business Management and Marketing Department, School of Business and Economics. Westminster International University in Tashkent</p> <p>2006- 2020. Researcher / Assistant professor –Department of Organization Management, Faculty of economic and business administration. Pontificia Universidad Javeriana Cali.</p> <p>2009 – 2015. Doctoral researcher at CENTRIM. Brighton Business School. University of Brighton</p> <p>2002 – 2006. Research assistant / instructor professor. — Economics and International Competitiveness Research Center (Centro de Investigación en Economía y Competitividad Internacional (CIECI)) Pontificia Universidad Javeriana Cali</p> <p>2001-2002. Research assistant - (COLCIENCIAS Scholarship: Young Researcher) Corporación Biotec / Pontificia Universidad Javeriana Cali</p>

Dr. Julián Piñeres Ramirez
Curriculum Vitae

Research of interest

My research interest focuses on innovation studies with a special attention on:

- Science and technology policies
- Innovation management
- Localized Industrial dynamics

The context on interest relates to:

- Emerging economies (emphasis on Latin American and Colombian context)
- High growth SMEs
- Knowledge and technological providers
- Technological transitions from single to complex technologies: e.g biotechnological applications

Research approach:

- Dynamic a process approach
- Longitudinal and socio-historical

Awards and recognitions

Peer reviewer for the British Academy of Management conference

Peer reviewer for the international Globelics conference

Best paper student award. • 12th Globelics international conference. 2014

Peer reviewer for COLCIENCIAS in Social Science and economics. 2011

Scholarship-loan. COLFUTURO. 2011

Scholarship. ALBAN Program, European Union. 2007

Scholarship. COLCIENCIAS. Young researcher program. 2000

Professional Experience

Teaching

PG - teaching

- 2021 – Actual. Module leader for the module International Business Strategy for the Business Management and Marketing Department. Program IBMA. Westminster International University in Tashkent
- 2021 – Actual. Module leader for the module Entrepreneurship and Innovation for the Business Management and Marketing Department. Program IBMA. Westminster International University in Tashkent.
- 2020. Module leader for the module Knowledge transfer and innovation for the MA in Innovation management. Universidad San Buenaventura Cali.

UG – teaching

- 2021 – Actual. Module leader for the module dissertation for the Business Management and Marketing Department. Westminster International University in Tashkent

Dr. Julián Piñeres Ramirez
Curriculum Vitae

Professional Experience

- 2020 – Actual. Module leader for the module Strategy in a complex world for the Business Management and Marketing Department. Westminster International University in Tashkent
- 2016 - 2020. Module leader for the module Business Strategy for the Department of Organization Management, Faculty of economic and business administration. Pontificia Universidad Javeriana Cali.
- 2014 - 2016. Module leader for the module Organization theory for the Department of Organization Management, Faculty of economic and business administration. Pontificia Universidad Javeriana Cali.
- 2002- 2006. Planning management for the Department of Organization Management, Faculty of economic and business administration. Pontificia Universidad Javeriana Cali.
- 2002 and 2004. Strategic Management for the Faculty of economic and business administration. Pontificia Universidad Javeriana Cali.

Research

- 2023 - work in progress. Organisational capabilities, the dynamics of SME exploitation and exploration and its impact on innovation strategies: A cross-economy analysis between emerging
- 2023 - Strategic configurations, institutional context, and firm performance: a global analysis of Strategic Responses to institutional voids in emerging and developed economies
- 2023 - work in progress. Organisational capabilities, the dynamics of SME exploitation and exploration and its impact on innovation strategies: A cross-economy analysis between emerging
- 2021 - Work in progress. Learning and capacity building in intermediary knowledge organizations IKO: building bridges between Science and Innovation.
- 2020 - Work in progress. The relationship between managers' ethical judgment, incentive/opportunity and social proximity in Colombia. In collaboration with Maldonado, ICESI University and Endrawes, Macquarie University| NSW, Australia. Funded by ICESI University.
- 2009 – 2015. The learning dynamics of external–internal knowledge and exploitation– exploration: the case of SMEs' learning-capacity building. Doctorate research
- 2004 - 2006. Methodological foundations for the promotion and creation of innovation networks starting from the use of biotechnology in Valle del Cauca. Funded by Pontificia Universidad Javeriana, Cali, Institutional support
- 2002. Construction of a methodology for dimensioning the Bio-industrial cluster of the Colombian West. Research work – Young Researcher – COLCIENCIAS – Corporación Biotec/CIECI agreement

Consultancy and intervention

Dr. Julián Piñeres Ramirez
Curriculum Vitae

Professional Experience

- 2016. Strategic formulation of the firm Entregas S.A.S. Technical assistance to the company Entregas S.A.
- 2016. Preliminary analysis to shape the condition for entrepreneurial activities: touristic attractions. Contracted by school for startups and funded by the prosperity fund, UK embassy.
- 2011. Value chain analysis for the fruit industry in the Valle del Cauca. Policy document. Contracted by Corporación Biotec.
- 2006 -2007. Training of value chain and network managers (phase I y II). Contract: Ministerio de Industria Comercio y Turismo
- 2006 -2007. Establishment of the base line of the touristic area in Valle del Cauca Central and Northern zone. Contract. Fundacion Carvajal, Proyecto BID.
- 2006. Formulation of strategic plan Valle del Cauca Bio-region 2019. Contract: Corporacion Biotec
- 2006. Identification of productive chains among companies in Cauca's northern zone. Contract: Comfacaucá
- 2004- 2005. Development of the productive chain of bamboo in Valle del Cauca. Contract: CVC, Minister of Agriculture
- 2004.-2005. Development of capabilities to formulate high impact collective projects in C&T+I. Collaborative project: Corporacion Biotec – Universidad Javeriana, Cali. Funded by: COLCIENCIAS
- 2003. Participation in the program on Promotion for Cooperative Operations among Enterprises. Diagnosis analysis. Contract: BID-ACOPI agreement
- 2002 -2005. Foundations for the social and competitive development of the dairy productive chain in the Province of Nariño. Contract: Georgetown University, Nariño Government and FOMIPYME
- 2001 -2002. Promoting the startup of a technological and institutional platform to support the West Colombia: Component 1 and 2: Formulation of the plan - Lactic acid case. Funded by: COLCIENCIAS

Academic conferences papers

- 24th IAMOT annual Conference, Cape town, South Africa, 2015- 08 – 06, 2015-11-06. Title: The learning dynamics of external-internal knowledge and exploitation-exploration: the case of SMEs' learning-capacity building.

Dr. Julián Piñeres Ramirez
Curriculum Vitae

Academic conferences papers

- 12th Globelics international conference, Addis Ababa - Adama Science and Technology University, 2014-10-29, 2014-10-31 Title: The learning dynamics of external-internal knowledge and exploitation-exploration: the case of SMEs' learning-capacity building.
- Brighton Business School research student conference, University of Brighton. 2012-06-01, 2012-06-01 Title: The interaction of external and internal knowledge and the organization technological learning dynamics: from capacity building to technological transformation.
- 18th annual SPRU DPhil Day, University of Sussex, SPRU. 2012-05-28, 2012-05-29. Title: The interaction of external and internal knowledge and the organization technological learning dynamics: from capacity building to technological transformation.
- CENTRIM and BRIGHTON BUSINESS SCHOOL RESEARCH STUDENT CONFERENCE, University of Brighton 2010-05-07, 2010-05-07 Title: The interrelated dynamics of inter- and -intra organizational learning processes in the context of co-funded R&D alliances.
- 17th EPSRC Research Methodology Workshop, Cambridge - Institute for Manufacturing, University of Cambridge 2010-03-25, 2010-03-26 Title: The interrelated dynamics of inter- and -intra organizational learning processes in the context of co-funded R&D alliances.
